My dear Principal Grange:

If I am well enough on Monday evening I will go to the opening of the Veterinary College. However, my address to the students takes place on Tuesday, and I have not been at all well for a week, but I hope to be able to be myself by that time.

Yours sincerely,

President.

Dear President Falconer,

Kindly let me remind you regarding your suggestion last February concerning the possibility of our students taking Military training with the University Officers Training Corps. I think you intended to take the matter up with the Military Authorities, and I will be greatly pleased to hear if you have had an opportunity of doing so.

Hoping you have fully recovered from your recent illness, and with kind regards.

If you can address our

Dear Principal Grange:

I should like very much to be present at the closing exercises of the Ontario Veterinary College, but I have already promised to give an address to the Public School Section of the Ontario Educational Association on the afternoon of Tuesday, April 25th, and I am afraid the times will clash as they will be both in the early afternoon. Regretting that I am unable to oblige you,

I am,

Yours sincerely,

President.
